

Sammy Kershaw, Don't Go Near The Water

Your mamma used to worry bout' that big muddy river,
Hunny do you remember?
You let the screen door slam as you
stepped off the front porch,
ya hear ya mamma callin' "Don't be late"
And I could hear ya daddy Hollar
"Son she's my only daughter"
You'd stick your nose in the Honey Suckle
down by the gate. I can still hear your mamma
callin' "Don't go near the water";

Chorus

We fell right in way over our heads,
but we didnt go near the water,
A love so deep so young a sweet
and the nights got hotter and hotter.
We sho' Nuff gettin our feet wet mamma,
but we didnt go near the water.

You hear the rockin' chair squeakin as
you sneak up the back stairs, mamma waitin
like a grizzely bear
but you had to get the Honey Suckle outta yo' hair.
But in the mornin light, We looked her
right in the eyes, and it wasn't a lie,
We didn't go near the water.

We fell right in way over our heads,
but we didn't go near the water.
A love So deep, So young and sweet,
and the nights got hotter and hotter.
We Sho' nuff' gettin our feet wet mamma,
but we didn't go near the water

Chorus

We fell right in way over our heads,
but we didnt go near the water,
A love so deep so young a sweet
and the nights got hotter and hotter.
We sho' Nuff gettin our feet wet mamma,
but we didnt go near the water.

Your mamma used to worry bout that
big Muddy river,
She should have worried bout me.
Cause we were sho' nuff gettin our feet
wet mamma but we didn't go near the
water

Didnt go near the water x2
