

Sammy Kershaw, Politics, Religion, And Her

Hey old buddy how you been
Not much has changed here on my end
No, I don't think she's coming back
We better not get into that

Chorus:

Let's talk about baseball
Talk a little small talk
There's gotta be a good joke that you've heard
Let's talk about NASCAR
Old Hollywood movie stars
Let's talk about anything
Anything in this world
But politics, religion, and her

Politics can start a fight
Religion's hard to know who's right
And one more topic I won't touch
Well, that one's her, it hurts too much

Chorus

Let's talk about NASCAR
Old Hollywood movie stars
Let's talk about anything
Anything in this world
But politics, religion, and her

But politics, religion, and her
