

Sammy Kershaw, You've Got A Lock On My Love

(Buddy Cannon/Larry Bastian)

When I go walkin' down the street
The girls that used to catch my eye don't interest me
I got my mind on you instead
Marilyn Munroe could not turn my head
Don't you see I got a one track mind
You've got me wearin' blinders

You've got a lock on my love baby
Ain't goin' no where can you see
You've got a lock on my love baby
Throw away the key

I never thought I'd see the day
I'd be happy 'bout a woman takin' my freedom away
Never thought I'd walk the line
But baby let me say the pleasure is all mine
Let the other guys make the rounds
Lookin' for what I found

You've got a lock on my love baby
Ain't goin' no where can you see
You've got a lock on my love baby
Throw away the key

Makin' love to me just used to be a game to play
But when I met you I threw my little black book away
You've got a lock on my love baby
Ain't goin' no where can you see
You've got a lock on my love baby
Throw away the key
You've got a lock on my love baby
Ain't goin' no where can you see
You've got a lock on my love baby
Throw away the key
Throw away the key
Throw away the key
Throw away the key
Throw away the key
