

# San Danielle, Dreamed Of You

Tonight i'll make you change your mind and stay  
I really want to be with you all day  
And if i kiss your lips you feel the same  
I hope to hear your voice one day again

I dream of you  
I dream of you  
I dream of you  
To be with you  
I dream of you  
I dream of you  
I dream of you  
To be with you  
I dream of you  
I dream of you  
I dream of you  
To be with you  
I dream of you  
I dream of you  
I dream of you  
To be with you  
I dream of you  
I dream of you  
I dream of you  
To be with you  
I dream of you  
I dream of you  
I dream of you  
To be with you  
I dream of you  
I dream of you  
I dream of you  
To be with you  
I dream of you  
I dream of you  
I dream of you
