

Sanctus Real, Captain's Chair

Where did you go?
How have you been?
I'll be right here.
Where did you go how have you been?
Are you still my best friend?
We've seen best of times,
We've heard worst of lies,
But here we still... Still we stand
Where did you go?
How have you been?
I'll be right here.
Where did you go and have you been
Thinking of remember whens?
And you will take the drivers seat
And I will take the captains chair,
And you will take the drivers seat,
And I will take the drivers chair.
