

Sanctus Real, Fly

When last place is where I've been
It's hard to find the strength to start again
Sometimes it seems like I can never win
I'm held back by the weight of the crowd
Can't move to find my way out
You give me faith to get my feet off the ground
'Cause it's not easy
Trying to fly against the wind
When I keep on falling back to where I've been
Start over again
I'm overwhelmed when there's too much
Hiding the view to all that you've done
I step back to see how far we've come
And you're always with me (when I'm)
Trying to fly against the wind
But I keep on falling back to where I've been
Trying to fly against the wind
Start over again
When last place is where I've been
You give me what I need to start again
Trying to fly against the wind
But I keep on falling back to where I've been
Trying to fly against the wind
And you keep on coming back for me again... over and over again
