

# Sanctus Real, Magnetic

How do we explain the source of life  
That runs within these veins and keeps my heart in time?  
You are the music and I'm drawn in  
Caught in the movement, I'm letting go, I can't resist  
(Cause)  
You're magnetic  
I can't help it... I'm stuck on you  
There's something magic in the way that you love me  
I'm stuck on you  
I know I have the freedom to decide  
You don't make me love you  
I just can't deny the force of gravity  
And you are the ground that keeps me standing here with you  
You're magnetic... I can't help it  
I'm letting go of all control  
Can't deny it, I won't fight it  
No matter what I do I'm drawn to you
