

# Sandara Parks, Smile In Your Heart

I had a feeling  
That your holding my heart  
And i know that it is true  
You wouldn't let it be broken apart  
'coz it's much to dear to you  
Forever we'll be together  
No one can break us apart  
For our love will truly be  
A wonderful smile in your heart

When the night comes  
And i'm keeping your heart  
How i feel so much more secure  
You wouldn't let me close my eyes  
So i can see you through and through

You're a sweet tender lover  
We are so much in love  
I'm not afraid when you're far away  
Just give me a smile in your heart...

You brighten my day  
Showin' me my direction  
You're comin' to me  
And givin' me inspiration  
How can i ask for more  
From you my dear  
Maybe just a smile in your heart

I'm always dreamin'  
Of being in love  
But now i know that this is true  
Since you came into my life  
It's true love that i had found

I pray that you wouldn't leave me  
Whatever may come along  
But if you do i won't feel so bad  
Just give me a smile in your heart...

You brighten my day  
Showin' me my direction  
You're comin' to me  
And givin' me inspiration  
How can i ask for more  
From you my dear  
Maybe just a smile in your  
(maybe just a smile in your heart)

You brighten my day  
Showin' me my direction  
You're comin' to me  
And givin' me inspiration  
How can i ask for more  
From you my dear  
Maybe just a smile in your heart

Give me a smile in your heart
