

Sandra, Change Your Mind

Change your mind
We're getting closer
Change your mind
We can get closer

Change your mind
We can closer
These eyes that shine
Are telling the story
I'll change your mind
All I need is time
Till I show you
The way I wanna be

You think you know me
But you're wrong
Too late for questions
When I'm gone
So if You'll hear me I'll explain
I need your comfort
Not you're blame

Change your mind
We can get closer
These eyes that shine
Are telling the story
I'll change your mind
All I need is time
Till I show you
The way I wanna be

How can you ever be so sure
I will adjust if any law
All I'm defending is my world
Do you believe in all you heard

Change you're mind
We can get closer
These eyes that shine
Are telling the story
I'll change your mind
All I need is time
Till I show you
The way I wanna be
