

# Sandra Lyng, Play My Drum

I feel it tonight  
All your walls are breaking,  
Don't you put up a fight  
I see your hands shaking,  
Just let go and you're fine  
Promise I'll be taking care of you in the night  
And maybe I won't bite yah

Oh my my, oh my my  
You don't need a reason, do you?  
Oh my my, oh my my  
Baby, I'm just teasing with you  
Oh my my, oh my my  
Let's get down to pleasing with you  
Oh my my, oh my my  
When your body feels the heat you're moving to the beat  
Come play my drum, play my drum  
When you're lying on the floor and begging me for more  
Come play my drum, play my drum  
Come play my drum: ra pa pa!  
Come play my drum: ra pa pa!  
Come play my drum, come play my drum  
Come play my drum: ra pa pa!  
Come play my drum: ra pa pa!  
Come play my drum, come play my drum

I gotta taste and baby, when I'm eager I'm not going to waste  
Finger on the trigger, I'mma lay down and play  
Curves on my figure, no, you don't want to wait  
What I'm all about, yea

Oh my my, oh my my  
You don't need a reason, do you?  
Oh my my, oh my my  
Baby, I'm just teasing with you  
Oh my my, oh my my  
Let's get down to pleasing with you  
Oh my my, oh my my  
When your body feels the heat you're moving to the beat  
Come play my drum, play my drum  
When you're lying on the floor and begging me for more  
Come play my drum, play my drum  
Come play my drum: ra pa pa!  
Come play my drum: ra pa pa!  
Come play my drum, come play my drum  
Come play my drum: ra pa pa!  
Come play my drum: ra pa pa!  
Come play my drum, come play my drum
