

Sandra Nasic, Perfume

Before we melt this empathy
You've got to breathe the scent of me
You say this world is overbored
I know
And I don't want to know
I'm gonna start from the beginning
Again
Always
Forever
And just back to the end...
Hey, I want to know what you are running for
You gotta give yourself
And let me score
I don't think that you are right out there
I'm gonna push you to another square
I'm supposed to lick your wounds
Let's give it up and I will change the rules
I don't know where to leave my soul
I just love you when you put me on...
