

Sandra Nasic, Right Lane

I'm drifting apart with this song and a little reminder
You do what you do and the rest is just lying behind us
A myth and the pain of a girl that you could not follow
For the rest of your life you're the whore and I let you swallow

All I need is the door in front of me
Yes and all you want to be means a shit to me

I got myself back on the right lane
Skip you through the radio
(oh you don't know, oh you don't know me!)
I got myself back on the right lane
To remind myself what is beautiful
(oh you don't know, oh you don't know me!)
Oh I feel so alive

You're drifting apart and this is your time-out
I need to feel the beginning and sing with the lights out
A myth and the pain of a girl that you could not follow

You see, all i need is the door in front of me
Yes and all you want to be means a shit to me

I got myself back on the right lane
Skip you through the radio
(oh you don't know, oh you don't know me!)
I got myself back on the right lane
To remind myself what is beautiful
(oh you don't know, oh you don't know me!)
Oh I feel so alive

You're like America
Don't want to waste your time
No love is left to share
I'd better get out
You're like america
Don't want to waste your time (oh!)
No love is left to share
I'd better get out

I do what I do and I don't need you
I do what I do and I don't need you
I do what I do and I don't need you

You would tie if I pull on hanging on you

I got myself back on the right lane
To remind myself what is beautiful
(oh you don't know, oh you don't know me!)
I got myself back on the right lane
To remind myself what is beautiful
(oh you don't know, oh you don't know me!)

The way I come again
And take your breath away
(oh you don't know, oh you don't know me!)
Oh I just feel so alive
