

# Sandra Reemer, The Party Is Over ( Eurovision 1

The lights are low  
The party's goin' on  
And he who's mine  
He doesn't seem to miss me  
I feel alone  
I think that I'll go home  
But if I stay, at least I hear him  
The party's over now  
The party's over now  
At least I dream it's over now  
He's sittin' next to me  
And we do both agree  
Our life ain't bad at all  
Yes, the party's over now  
One of those bad dreams  
Suddenly came over me  
But now I feel at ease  
The lights go out  
The party's goin' on  
And he who's mine  
Seems really to enjoy it  
I hear him whisper sweet words  
But not to me  
I wonder, am I really dreamin'?  
The party's over now  
The party's over now  
At least I dream it's over now  
He's sittin' next to me  
And we do both agree  
Our life ain't bad at all  
Yes, the party's over now  
One of those bad dreams  
Suddenly came over me  
But now I feel at ease  
Yes, the party's over now  
One of those bad dreams  
Suddenly came over me  
But now I feel at ease
