Sandra, Shadows

Shadows
Over my head
Shadows
Is driving me mad
I'm so afraid what rules my mind
I only wanna live my life

You can't run You can't hide Will I ever find some piece of mind? I'm so upset, yeah, we can try We can't live together Tell me why

Shadows
Over my head
Shadows
Is driving me mad
I'm so afraid what rules my mind
I only wanna live my life

Will you stand by me Just hear me now I've been always waiting Can't you see?

Shadows
Over my head
Shadows
Is driving me mad
I'm so afraid what rules my mind
I only wanna live my life

repeat chorus
