

# Sandy Denny, Some Sweet Day

Some sweet day, some sweet day  
I'm gonna hold you like I want to  
I'm gonna kiss you like I want to  
I'm gonna love you like I need to  
Some sweet day

Some sweet day you will say  
That you have started dreaming of me  
That you love no one else above me,  
I'll find a way to make you love me,  
Some sweet day

I hope it won't be long  
Till I can take you and make you my very own  
Cause can't you see I get so tired  
Of wishing and dreaming alone

Some sweet day, some sweet day  
You'll get that twinkle in your eye, love  
You're gonna look at me and sigh, love  
And then you tell me that you're my love  
Some sweet day

(repeat last verse)
