

Sandy, Tell Me

Ohuu.. oh

Strophe 1

There`s so many things I wanna say
There`s so many thoughts inside of may
But my words can`#039;t seem to find a way
I can see you`#039;re changing more and more
Acting like you didn`#039;t do before
I see you`#039;re slipping away
But I don`#039;t wanna loose you

Bridge

I would do anything for us to remain
'cause I know that we can make it last
To be true
I don`#039;t wanna lose you

Refrain

Tell me that you love me from the heart
and nothing in the world can tear us apart
tell me that we`#039;ll be together
the rest of our lives,
baby now and forever
tell me that you still believe in everlasting love
and we`#039;ll always be together {now and forever}

Strophe 2

Baby take a look inside yourself
am I the one you see or someone else
baby please be true
you`#039;ve gotta let me know
tell me what you do to make you sure
cause I don`#039;t wanna feel this insecure
you`#039;ve gotta give me a sign 'cause I don`#039;t wanna lose you

Bridge

Refrain

Bridge 2

Remember all the promises we made
remember all the words we used to say (use to say)
that an open heart will always find a way
what would it take from me to make you realize
And I know that we can make it last
to be true:
i don`t wanna loose you
