# Sandy, Tell Me

Ohuu.. oh

Strophe 1
There's so many things I wanna say
There's so many thoughts inside of may
But my words can't seem to find a way
I can see you're changing more and more
Acting like you didn't do before
I see you're slipping away
But I don't wanna loose you

## Bridge

I would do anything for us to remain & amp;#039;cause I know that we can make it last To be true I don't wanna lose you

#### Refrain

Tell me that you love me from the heart and nothing in the world can tear us apart tell me that we'Il be together the rest of our lives, baby now and forever tell me that you still believe in everlasting love and we'Il always be together {now and forever}

Strophe 2
Baby take a look inside yourself
am I the one you see or someone else
baby please be true
you've gotta let me know
tell me what you do to make you sure
cause I don't wanna feel this insecure
you've gotta give me a sign 'cause I don't wanna lose you

#### Bridge

#### Refrain

Bridge 2
Remember all the promises we made remember all the words we used to say (use to say) that an open heart will always find a way what would it take from me to make you realize And I know that we can make it last to be true:
i don't wanna loose you
