

# Sanna Nielsen, I believe it's you

I believe it's you  
Believe it's true  
You don't have to say another word  
I believe in you  
Tonight our love's gonna shine  
Across the sky you'll read the signs  
It's time  
Keep holding your breath  
Soon you'll find out  
That baby there's no doubt  
'Cause I believe it's you  
Believe it's true  
'Cause I feel a storm inside that tells me we're not through  
I believe in us  
Believe in trust  
You don't have to say another word  
I believe in you  
The sky is wide open now  
We're gonna spread our wings and fly  
Hold on  
It won't be long  
'Cause soon you'll find out  
That baby there's no doubt  
'Cause I believe it's you  
Believe it's true  
'Cause I feel a storm inside that tells me we're not through  
I believe in us  
Believe in trust  
You don't have to say another word  
I believe in you  
So deep looking in your eyes  
True heart never ever lie  
So strong it can never die  
'Cause I believe it's you  
Believe it's true  
'Cause I feel a storm inside that tells me we're not through  
I believe in us  
Believe in trust  
You don't have to say another word  
I believe in you  
Believe it's true  
'Cause I feel a storm inside that tells me we're not through  
I believe in us  
Believe in trust  
You don't have to say another word  
I believe in you
