## Santana, Before We Go

Before we go I want you to know How much I love Sharing with you All that I have And all that I am Belongs to you All of the time

You been so kind And wonderful By being here So close to me Deep in my heart I clearly see That you and I Will soon be free

III be standing here Waiting on you I can hardly wait To make you mine (mine, mine...) Its time to go And nothing can stop Or even delay Our journeys goal Remember to be one with you heart One with the sky, one with the sea
