

# Santana (Feat. Jorge Moreno), Satellite

(Oh-Way-Oh!)

Hey...

Hey...

(M-O-R-E-N-O-!)

(Oh-Way-Oh!)

If a world divides

From the bittersweetness love provides...

I will redefine my place within this union.

If a word is a lie?

And the better me can't show its side

I will try to find my way to higher ground

Oh! There's a million stories

And a million ways to get there from here

Baby, I'm gonna put your skin on mine

Be inside you all my life

and if you let your heart open up your mind

There's a whole new world on the other side

I'm gonna be your satellite

I'll hang over your world at night

And I can hear you sleep beneath the candlelight

I can see your dreams like they were mine

(Oh-Way-Oh!)

(Oh-Way-Oh!)

(M-O-R-E-N-O-!)

(Oh-Way-Oh-Way-Oh!)

When I, I hear you scream, I hear you cry,

It makes me realize that I am only human

If the world relies on the balance between love and pride?

Then I'll abandon all my pride and bring you love!

Oh! There's a million reasons

And a million ways to get to your heart.

Baby, I'm gonna make you step outside

The corners of your world and find

That if you let your heart open up your mind

There's a whole new world on the other side

I'm gonna be your satellite

I'll hang over your world at night

And I can hear you sleep beneath the candlelight

I can see your dreams like they were mine

(Oh-Way-Oh!)

(Oh-Way-Oh!)

(M-O-R-E-N-O-!)

(Oh-Way-Oh-Way-Oh!)
