

Santana feat. Seal, You are my kind

Stay with me baby
And thats all I ask of you
And I know that someday
You wont remember
The way that this moment feels to you
Dont let it go
Dont turn your back on what you think you know
You never know you know
Dont leave it alone
Cause I need you to cling to

Chorus:

Cause you are my kind
Youre all that I want
Here in this life
Until we are gone
Our breath and our skin
Our hearts and our minds
Theyre one and the same
You are my kind
Well call on me baby
If you should ever need someone
To help get your head straight
Ill be your resident all night
Sure am glad just having you around
Well all that I know
When you find love you never let it go
You never know you know
Without you Im lost
I get scattered
Im shattered

Chorus:

Cause you are my kind
Youre all that I want
Here in this life
Until we are gone
Our breath and our skin
Our hearts and our minds
Theyre one and the same
Cause you are my kind
Were one and the same
You are my kind
Dont let it go
Dont turn your back on what you think you know
You never know you know
Dont leave it alone
Cause I need you to cling to

Chorus:

Cause you are my kind
Youre all that I want
Here in this life
Until we are gone
Our breath and our skin
Our hearts and our minds
Theyre one and the same
Cause you are my kind
