

# Santana, I'll Be Waiting

Its been so long since Ive seen your face  
Yet I know soon Ill have your embrace  
Ill be waiting  
Waiting just for you  
Life keeps afloat and my love grows and grows  
You are the lightin  
Ill be wating  
Waiting just for you  
Oh, its been a long, long time by  
I dont mind  
Rhythm deep, to know the earth  
Keep waiting, waiting  
Waiting just for you
