

Sara Bareilles, Famous 5eva (Girls5eva)

Hey, hey, hey, it's us, Girls5eva (Girls5eva)
We're gonna be famous for ten-hundred years
'Cause it's like five more than a hundred
All we know is we're gonna make this count!

Gonna be famous 5eva
'Cause forever's too short
Gonna be famous, 3gether
'Cause that's one more than together!

People starin' at us, thinkin' we are badass
Watchin' as we wave goodbye, our stomachs are the flattest
Riding in our Lexus, life really affects us
Drinkin' Veuve Clicquot champagne and texting all our exes

Playing with our brand new flip phones
Talkin' with our friends (Talkin' with our friends)
See the new ink on our hip-bones
That's how our story begins!

Gonna be famous 5eva
'Cause forever's too short
Gonna be famous, 3gether
'Cause that's one more than together!

Riding with my ladies, we now got a Mercedes
Makin' rounds and tellin' jokes like regular Wayne Bradies
Shoe shoppin' with my sisters, the Louboutin left blisters
That sales girl was really cute, I accidentally kissed her

We used to play pretend on the playground
Some girls will call us dumb (Some girls will call us dumb)
But all those haters now will bow down
When they see what we've become!

Gonna be famous 5eva
'Cause forever's too short (Oh no no)
Gonna be famous, 3gether
'Cause that's one more than together!

We won the past 2-gether
Our fame starts 3-day
And it won't stop 4-morrow
We're Girls5eva, can we get a high-6?
We working 24/7 to keep you independent!

Checkin' out the hotties, with their sexy bodies
Still drinking Veuve Clicquot champagne
We all got Maseratis
Chillin' at Mercado, sharin' a gelato
We'll all be birds and fly away just like Nelly Furtado
We looked at all the numbers, and placed our bet
Our future adds up to this, the best things haven't happened yet!

Gonna be famous 5eva
'Cause forever's too short
Gonna be famous, 3gether
'Cause that's one more than together!

Gonna be famous 5ever
'Cause forever's too short
So what are you waiting five?
Girls5eva!
