

Sara Evans, I Learned That From You

I remember the windows rolled down
And the wind in my hair
Driving round in your daddy's old chevy
Like we were goin' some where
We thought that summer
would last us forever
Goin' steady was just somethin' you do
I didn't know
Much about love
I learned that from you.

Now those were some good times
but lately they don't seem to last
And I guess I'm not nearly as strong
as the drink in your glass
And the nights just get later
I could stay up and wait or
just go on to bed like I do
I never knew nothing about lonely
I learned that from you.

And I learned how to kiss on a ferris wheel
And I made wishes at wishin' wells and I fell
into that fairy tale too
Oh I learned that from you.

And now I know that love ain't so easy *
but we tried didn't we baby. It's alright
Some dreams weren't meant to come true
I learned that from you

One night while the whole world was turnin'
I left you a note
And I told you that I'd always miss you, then I let you go.
I'm livin' out side of some town I ain't heard of
and I think about the boy that I knew
I didn't know you could fall out of love,
I learned that from you.

And I learned how to kiss on a ferris wheel
And I made wishes at wishin wells and I fell
into that fairy tale too.

Repeat *

I remember the windows rolled down and the wind...
