

Sara Evans, I Thought I'd See Your Face Again

I never wanted to, but I said goodbye to you
It happens, people change
Sometimes their dreams go separate ways
They say all good things must end
Still someday I thought I'd see your face again

I understand, I realize
It was the end of all those nights
(With) you here in my arms, just the pounding of two hearts
Now that's all gone with the wind
Still someday I thought I'd see your face again

(Oh) I've gotta phone, but no way to get a hold of you
I've got a letter, no address that I can send it to

Tonight I'll look out to the stars
Can't help but wonder where you are
So much space and time between all those used to be's
I know life goes on, but then
Still someday I thought I'd see your face again
I know life goes on, but then
Still someday I thought I'd see your face again
