

Sara Evans, Saints & Angels

We're only human, baby
We walk on broken ground
We lose our way
We come unwound
We'll turn in circles, baby
We're never satisfied
We'll fall from grace
Forget we can fly
But through all the tears that we cried
We'll survive

Cause when we're torn apart
Shattered and scarred
Love has the grace to save us
We're just two tarnished hearts
When in each other's arms
We become saints and angels.

I love your imperfections
I love your everything
Your broken heart, your broken wings
I love you when you hold me
And when you turn away
I love you still and I'm not afraid
Cause I know you feel the same way
And you'll stay

Cause when we're torn apart
Shattered and scarred
Love has the grace to save us
We're just two tarnished hearts
When in each other's arms
We become saints and angels.

These feet of clay (these feet of clay)
They will not stray

Cause when we're torn apart
Shattered and scarred
Love has the grace to save us
We're just two tarnished hearts
When in each other's arms
We become saints and angels.
