

# Sara Evans, Saints & Angels

We're only human, baby  
We walk on broken ground  
We lose our way  
We come unwound  
We'll turn in circles, baby  
We're never satisfied  
We'll fall from grace  
Forget we can fly  
But through all the tears that we cried  
We'll survive

Cause when we're torn apart  
Shattered and scarred  
Love has the grace to save us  
We're just two tarnished hearts  
When in each other's arms  
We become saints and angels.

I love your imperfections  
I love your everything  
Your broken heart, your broken wings  
I love you when you hold me  
And when you turn away  
I love you still and I'm not afraid  
Cause I know you feel the same way  
And you'll stay

Cause when we're torn apart  
Shattered and scarred  
Love has the grace to save us  
We're just two tarnished hearts  
When in each other's arms  
We become saints and angels.

These feet of clay (these feet of clay)  
They will not stray

Cause when we're torn apart  
Shattered and scarred  
Love has the grace to save us  
We're just two tarnished hearts  
When in each other's arms  
We become saints and angels.
