

Sara James, Detox

Oh, I've been missin', I miss your love
Please believe me
Oh, how I'm missin', I miss your touch
Set me free

I need a
Detox from your love (Your love)
Detox from your touch (Uh-huh)
Detox from a headlock
Need a reset from us (Please)
Drama, had enough (Uh-huh)
Everything 'bout us is
(Break it down now)

I'm sweatin' out all the cravings
Tryin' to forget how you tasted
Your brown hair touching my waistline
But how is that heart, baby, all mine?

Oh, I've been missin', I miss your love
Please believe me (Please believe me)
Oh, how I'm missin', I miss your touch
Set me free, yeah (Set me free)
I know you're lying awake
Turning nights into days
All these b.tches can try
But they can't take my place
'Cause you're missin' me, miss me too
But instantly, yeah

I need a
Detox from your love (Your love)
Detox from your touch (Uh-huh)
Detox from a headlock
Need a reset from us (Please)
Drama, had enough (Uh-huh)
Everything 'bout us is
(Break it down now)

I'm sweatin' out all the cravings
Tryin' to forget how you tasted
Your brown hair touching my waistline
But how is that heart, baby, all mine?

Ay
Ay-ay
Ay
Ay-ay
I need a
I need a

I need a
Detox from your love
Detox from your touch
Detox from a headlock
Need a reset from us
Drama, had enough
