

Sara Paxton, Here We Go Again

Here We Go Again

I've been up and I've been down
I've been looking for you in a million towns
But you don't even know that I exist
I'll stay on this bumpy ride
If I ever find you I will dive
Right into an ocean full of bliss
All the times I've tried before
But I keep coming back for more of this
Somewhere under these dark clouds
I'll find that magic kiss

Chorus:

So here we go again
I'm not so tired that I'll give up
Our hope will never end
I'll keep hanging from the edge
Cause I know someone is on the other side
Of this cold and lonely night
Here we go again
Here we go, here we go
It's like jumping in an empty pool
Going on thinking faith could be so cruel
And you never know what mess you're getting yourself into
Oh, when you thought you'd never turn it around
It's in that moment that something gives
All the times I've tried before
But I keep coming back for more of this
Somewhere under these dark clouds
I'll find what I've been looking for

Chorus

Feels like the world is spinning out of control
There's no one to hold
And I'm so alone
Feels like the world is spinning out of control
And it gets so old
Being on your own
Chorus
