see the people they are
rolling in there car's
crusing in there car's
driveing in there car's tonight
see the people they are
driveing in there car's
driveing in there car's
driveing in there car's tonight
and while the people there

standing at there door's
getting in there cars tonight
the signal creed are moveing

that everybody likes the
same song....

and i just want to
