

# Sarah Blasko, For You

Ive learnt a lot about you  
In turn much about me too  
I travelled across the sea  
I wept for you

Emotions run deep  
Between us friend  
The time will come  
For us again

Were tired, were tired now  
This ship almost ran a ground  
Well lie and rest now  
Ill dream of you

Emotions run deep  
Between good friends  
But i do believe  
In us again

Ive heard, ive heard it said  
That love, real love has no end  
A cup overflowing now  
I will believe, i must believe
