

Sarah Brightman, Hymn

Valley's deep and the mountain so high
If you wanna see god you've gotta move on the other side
You stand up there with your head in the clouds Don't try to fly
You know you might not come down
Don't try to fly
Dear god, you might not come down

Jesus came down from heaven to Earth
The people aid it was a virgin birth
Jesus came down from heaven to Earth
The people aid it was a virgin birth
The people aid it was a virgin birth

he told great stories of the Lord
and said he was a savior of us all
he told great stories of the Lord
and said he was a savior of us all
and said he was a savior of us all

for this we killed him
mailed him up high
he rose again as if to ask us why
then he ascend into the sky
as if to say in god alone you soar
as if to say god alone we fly

Valley's deep and the mountain so high
If you wanna see god you've gotta move on the other side
You stand up there with your head in the clouds Don't try to fly
You know you might not come down
Don't try to fly
Dear god, you might not come down
