Sarah Brightman, Join Me

Will you join me, join me, join me Will you join me, join me, join me Will you join me, join me, join me

We are so young our lives have just begun but already we are considering escape from this world and we've waited for so long for this moment to come was so anxious to be together together in death

Won't you die tonight for love Will you join me in death Won't you die Will you join me in death Won't you die tonight for love Will you join me in death Join me in death

This world is a cruel place and we're here only to lose so before life tears us apart let death bless me with you

Won't you die tonight for love Will you join me in death Won't you die Will you join me in death Won't you die tonight for love Will you join me in death Join me in death

This live ain't worth living This live ain't worth living This live ain't worth living Join me, join me This live ain't worth living

Won't you die tonight for love Will you join me in death Won't you die Will you join me in death Won't you die tonight for love Will you join me in death
