## Sarah Brightman, Some Girls

Some girls get carried away Others save it for a rainy day But we'll beg, borrow, or steal We'll paint the town if we don't drown in sex appeal

Hair like honey (some girls)
Have lips like wine (some girls)
Make lots of money (some girls)
Some are legends in their own time
Some are legends in their own time

Some girls make front page news Some girls really pay their dues We'll turn your head round and round Get on your knees- say "baby please" But you can't keep us down

Some girls are mothers and wives And they don't have to apologize We don't beg, borrow, or steal We'll paint the town if we don't drown in sex appeal
