

# Sarah Connor, I Can't Lie

[Verse 1:]

So many times I had imagined you  
You were a dream waiting to come true  
I've never made this kind of wish before  
But then again I never wanted something more

[Bridge 1:]

You set in motion  
Something uncontrollable  
Something undeniable

[Chorus:]

I can't lie I've never seen a guy so fine  
I don't know why I feel the way I do inside  
I'm going crazy just the thought of you can phase me and I won't deny  
You're all that's on my mind

[Verse 2:]

I can't believe the day we met  
It seemed to me that you were heaven-sent  
You caught my eye and then I knew  
I found a dream and boy that dream was you

[Bridge 1]

[Chorus]

[Bridge 2:]

You set in motion  
Something uncontrollable  
Something undeniable  
Something unbelievable  
Something undeniable

[Chorus 4 X]
