

Sarah McLachlan, I Love You

I have a smile stretched from ear to ear
To see you walking down the road
We meet at the lights, I stare for a while
The world around us disappears
It's just you and me on my island of hope
A breath between us could be miles
Let me surround you, a sea to your shore
Let me be the calm you seek

But every time I'm close to you
There's too much I can't say
And you just walk away

And I forgot to tell you
I love you
And the night's too long
And cold here
Without you
I grieve in my condition
For I cannot find the words to say
I need you so

And every time I'm close to you
There's too much I can't say
And you just walk away

And I forgot to tell you
I love you
And the night's too long
And cold here
Without you
I grieve in my condition
For I cannot find the words to say
I need you so I need you
