

# Sarah Reeves, My Savior

The waves surround me, I'm slowly drowning  
As I'm crying out for help  
Grabbing hold of anything that looks  
Like it can carry me through the night  
And I -- I look up and then I see  
Your hand reaching for me

Then I sing

[Chorus:]

My Jesus, my Father  
The One who is stronger than the storm  
My Hero, my only hope, You are  
My Savior

The sea starts raging, I'm quickly fading  
As I take my eyes off You  
Reality kicks in, and fear rises within  
My soul and all of my faith is gone  
But oh -- once again You take my hand  
You lead me to dry land

Then I cry

[Chorus:]

My Jesus, my Father  
The One who is stronger than the storm  
My Hero, my only hope, You are  
My Savior

You never grow tired or weary  
You always hear my cry  
Forever You'll be there beside me  
Be lifted high
