

Sarah Sadler, Love Affair

You are the stars, You are the air...

Everything I am
All the things I'm not
Lie out of my reach
Inside Your hands

You love me well
You let me know
In words You say
In words You don't

Chorus:
Do You know, I'm incomplete without You
There's a way about You
Do You know, You are the stars, You are the air
The only one who takes me there
My love affair
My love affair

I cannot explain
Why I feel this way
Time will not replace
What's in our hearts

To be with You
And have Your love
A million years
Is not enough

Chorus

Stay with me
Never leave
I can't breathe without You
All the time
Day and night
I will always want You
