

# Sarah Sadler, Say You Do

Say you do  
Say you don't  
Say you won't  
That you're never gonna  
It's a war  
It's a mess  
Just say yes  
If you really wanna  
You're just like me  
So attracted  
So distracted

Chorus:  
If we could just believe  
The truth will set us free  
Why do we live so half-heartedly?  
If we could change these minds  
We'd turn around to find  
A life above mediocrity

I have tried to adore  
All the things  
That I don't approve of  
I have tried to attain  
All the things  
That the world is made of  
You're just like me  
So insistent  
So resistant

Chorus

Tell me there's more than this  
Skin deep kind of happiness  
Say that there's more to life  
Than what I've lived

Chorus
