

# Sarina Paris, Distracted

All the time  
It's always on my mind  
All the time  
It's always on my mind

There are things that are running through this young girl's head  
When I get up in the morning  
When I'm going to bed  
When I'm driving in my car  
When I'm talking on my cell  
Craving for a fellow when I'm watchin TRL

I think about love  
I get distracted  
When I think about hookin up with you  
It gets all my concentration  
I get preoccupied  
You got me in a daze  
I get distracted

When I'm standing in a line at the ATM  
When I'm stirrin my sugar in my cafe mocha blend  
When the radio is playing a song like this  
I float away somewhere  
Dreaming of your kiss

I know it's crazy  
Living in this fantasy  
But I dont know how to break this spell you put on me  
Trying to stay focused on the things I'm suppose to do  
But before I know it my attentions are back on you

I get distracted  
Yeah  
I get disconnected  
Yeah  
Can't help myself  
You got me in a daze

What's a girl suppose to do  
All I think about is you  
Can't help myself  
Disconnected  
Yeah yeah

I think about love  
I get distracted  
I think about hooking up with you
