

# Sarina Paris, I Get Distracted

All the time  
It's always on my mind  
All the time  
It's always on my mind

There are things that are running through this young girl's head  
When I get up in the morning  
When I'm going to bed  
When I'm driving in my car  
When I'm talking on my cell  
Craving for a fellow when I'm watchin trl

I think about love  
I get distracted  
When I think about hookin up with you  
I loss all my concentration  
I get preoccupied  
You got me in a daze  
I get distracted

When I'm standing in a line at the atm  
When I'm stirrin in my sugar in my cafe mocha blend  
When the radio is playing a song like this  
I float away somewhere

Dreaming of your kiss

I know it's crazy  
Living in this fantasy  
But I don't know how to break this spell you put on me  
Trying to stay focused on the things I'm suppose to do  
But before I know it my intentions are back on you

I get distracted  
Yeah  
I get disconnected  
Yeah  
Can't help myself  
You got me in a daze

What's a girl suppose to do  
All I think about is you  
Can't help myself  
Disconnected  
Yeah yeah

I think about love  
I get distracted  
I think about hooking up with you
