

Sarina Paris, The Single Life

Freedom's all around
Dancing as we paint the town
Friends they do surround
We are single yeah

It's so great to be
Answering to nobody
Freedom's got the sound
We are single yeah

Freedom's all around
People jumping up and down
Boys and girl go down
We are single yeah
It's so great to be in the crazy company
What more can I be
We are single yeah

Da de da de da de
The single life is for me
Da de da de da de
With the fun compnay
Da de da de da de
The single life is for me
Da de da de da de
With the fun company
Da de da de da de
Da de da de da de
Da de da de da de

Forget bout the boy, girl he dont do you right
Forget about the way that he held you tonight
So dry up all your tears
Listen up, come with me
We'll play the single life with the fun company

Well you can fall in love
You could find mister right
You will spend all your time to keep him in sight
You gotta take a hold of your life
Come with me
Be single for a while
Have some fun and be free
