Siiiiilence

i don't want to hear  
any more words from you  
giving me pain, that's all you'd do

siiiiilence

you want me back  
but all you said was just one act  
o your words are worth more than tears  
o so i fear

i don't love you  
i don't want you  
i just want you to leave me alone  
i want Silence

i loved you more than i ever could  
but now your a fake  
nothing i'll take  
for goodness sake

i want silence  
i want peace  
i want nothing from you

Siiiiilence

i don't want to hear  
any more words from you  
giving me pain, that's all you'd do
