

Sarina Paris, Xilynce(Silence)

Siiiiilence

i don't want to hear
any more words from you
giving me pain, that's all you'd do

siiiiilence

you want me back
but all you said was just one act
o your words are worth more than tears
o so i fear

i don't love you

i don't want you

i just want you to leave me alone

i want Silence

i loved you more than i ever could

but now your a fake

nothing i'll take

for goodness sake

i want silence

i want peace

i want nothing from you

Siiiiilence

i don't want to hear

any more words from you

giving me pain, that's all you'd do
