

Sash, Stay

I had a dream last night
You were there
You hold my hand so tight
I thought I 'd just die
(Do you remember)
When we use to have
So much fun
I used to cry sometimes
Those days are gone
(Do you remember??)
I wanna go back to
Back to the days
When I needed
A little more fun
When I believed I
I believed I
Could fly so high
Through the clouds
Tear down these walls
it's just for one day
Tear down this walls
I need you to stay
Stay
Turning back time to
Times we made love
All day, under the sun
When I believed I
I believed I
Could fly so high
Through the clouds
