

Sasha, Chemical Reaction

Serious emergency
Someone come and rescue me
Help me make it through the night
All my wantings got to stop
I need some love to fill me up
Come in close and hold me tight
Ooh'we
A chemical reaction
Ooh'we
A fatal attraction
Ooh'we
I've gotta get some action
NOW!
This has gone on far too long
I feel a change is coming on
That's gonna make me feel alright
Please release me from this state
Don't delay, don't hesitate
I feel a rising up inside
Physical equality
Is chemical reality
It's what I need to set me free
When it comes to push and shove
I need some help from up above
I gotta find this thing called love
