

# Sasha, If You Belive

I know it's not a game to play  
your eyes they show no fear  
I bum inside and can not wait to be  
The man that feels your body close  
is here to set you free  
to hold you near and satisfy your needs  
You shiver as I touch your neck  
slowly close your eyes  
I cant resist you even if I try  
We both surrender to the touch  
as we lay there side by side  
and everything around us disappears  
If you believe in love tonight  
I'm gonna show you one more time  
If you believe then let it out  
No need to worry there's no doubt  
If you believe, if you believe  
If you believe then let it out  
As you run your fingers through my hair  
Your lips come close to mine  
The tension becomes more than I can bare  
Then you wrap your arms around me  
and I feel your every move  
This feeling could now lead us anywhere  
Now we leave the world behind us  
this moment we both share  
Just you and me that's how it's meant to be  
I never wanted you so much  
I feel your every breath  
As you gently whisper in my ear  
If you believe in love tonight  
I'm gonna show you one more time  
If you believe then let it out  
No need to worry there's no doubt  
If you believe, if you believe  
If you believe then let it out  
If you believe in love tonight  
If you believe in love tonight  
I'm gonna show you one more time  
Show you one more time  
If you believe then let it out  
No need to worry there's no doubt  
If you believe, if you believe  
Don't worry  
you gotta let it out babe  
you gotta let it out babe
