

Sasha, Life Is Beautiful

In the morning i feel the breeze
The sun washes over me
The sound of water the crashing sea
Is it only me that feels alive
It's all ahead of me
Coz' i feel so right
Just open your eyes and say that
(chorus)
Life is beautiful
(so beautiful)
It's beautiful to me
Life is beautiful
(so beautiful)
It's beautiful to me
Life can take you anywhere
You don't know where it leads you
You should know you're not alone
Just open your eyes and say that
(chorus)
Life is beautiful
(so beautiful)
It's beautiful to me
Life is beautiful
(so beautiful)
It's beautiful to me
Life is beautiful
(so beautiful)
It's beautiful to me
(fading)
Life is beautiful
(so beautiful)
It's beautiful to me
