

# Satanic Surfers, Big Bad Wolf

[x2] There's nothing wrong with having dreams and trying to fulfill them

Cause there's no easy answers, life's a never ending lesson, never know what's around the corner

We don't know what we can achieve unless we try, we don't know what we can achieve [x2]

Somebody save me

Somebody save me from the big bad wolf, somebody save me from the big bad wolf, somebody save me
