

# Satanic Surfers, Don't Skate On My Ramp

May i say something to you straight from my heart,  
you know it's true.

I think you're so fucking sick, you're stupid and you're weak  
and everything you stand for is fucking wrong.

Why don't you think a second time and try to keep an open mind.

Maybe then you'll understand learn to lend a helping hand,  
instead of using it for masturbation only.

You are a nazi skinhead and I know you hate me  
because i'm not like you no and I don't share your opinion.

Your fascist way of thinking, your racist point of view  
and your primitive way of acting tell you what

you can take your nationalism and you can take  
your white arian pride now, and you can shove it up your asses.
